

Year 1 Biology
Animals, Including Humans
(humans)

We are scientists because we...

Ask Questions

Record

Observe

				
We smell using our nose.	We taste using our tongue.	We touch using the skin on parts of our body, like hands.	We see using our eyes	We hear using our ears.

This **food plate** shows the amount of food we need to have a **balanced diet**. We should try to eat more **fruit** and **vegetables** and **carbohydrates** compared to **sugars** and **fats**.

In Year R, you...

Humans have different features which are similar to others but which also make them unique.

Humans often share similarities with family members such as eye or hair colour.

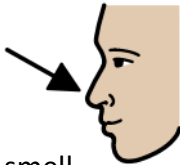

We are all unique and special.

SCIENTIFIC QUESTIONS

- I have a head, shoulders, knees and toes. What else do I have?
- What can my senses do?
- If someone has big feet, do they need large gloves?

SCIENTIFIC ENQUIRIES

- Exercise and discover which parts of our bodies move.
- Discover which senses help us to eat.
- Discover how it feels to 'switch off' some of our senses.

Vocabulary	
Body	
The main part of a person or animal.	
Skin	
An organ that covers our body and helps us to feel or touch things.	
Eyes	
Organs that let light messages get to our brain.	
Ears	
Parts of the body that send sounds to our brain.	
Nose	
A part of the head that allows us to smell.	
Tongue	
A fleshy part of the mouth used for talking, swallowing and tasting.	
Senses	
Any of 5 ways we can use to find out	

This term we will be learning...

Learning journey

What are our body parts called?

Assessment:

Name and label body parts.

Do you know it's job?

What are the five senses?

Name the senses and body parts that match.

Sense Exploration:
Smell

Smell different scents.
Which smells do you like?

Do we all like the same smells?

Taps - Is our sense of smell better when we can't see?

Do we all like the same smells?

Sense Exploration:
Taste

Taste different foods:
Bread, ketchup, Mentos, tortilla chips and coco pops.

Is it my tongue that helps me taste food?

Sense Exploration:
Touch
(blindfolded)

Feel different objects:
Cotton wool, sandpaper, flour, shower gel, shaving foam and magnetic letters.

Why do we need to be able to feel?

Sense Exploration:
Sight

One person blindfolded and another describes an object.

Need light to see.

What helps us to see?

Sense Exploration:
Sound

Musical Instruments.
